I am Me!

I used to be someone, and all the time
that I was someone I didn't even
realize I was someone.

I was only trying to be someone,
learning I don't have to *try* to be someone.

Now...

I am nobody!

I guess it is my time to start all over again.

I very well could be someone.

I might be someone now.

I am Someone!

Love Who You Are!

Living the life we all don't get to choose.
Living in the body we all don't get to choose.
Teaches us to care for the ...

"Life"

we all have been given.

It might be today. It might be tomorrow.
The realization will come,

when we learn to love who we are.

Be The Best You Can Be!

A quote.

A personal joke that has helped me face Reality.

What ever Reality may be?

It Changes every day!

I guess the moral of the quote and my experience with it is...

Learn from the positive and negative of all the decisions I make in my life

And...

Be the best I can be!

In every Situation!!!

Learn to Love Yourself!

Always learn to love yourself,
Before you love anyone or anything else.
When I've loved something or someone
before I've loved myself, it became...

Obsession

I then became hurt as a consequence.
We learn from being hurt.
I learned...
I Love Myself!
